To our stockholders:

You are cordially invited to attend the 2017 annual meeting of the stockholders of CyrusOne Inc., a Maryland corporation (the "Company" or "CyrusOne"), which will be held at the Ritz Carlton Hotel Dallas, located at 2121 McKinney Ave., Dallas, TX 75201, on April 28, 2017 at 10:30 a.m., local time. The purposes of the Annual Meeting are as follows:

1. To elect eight directors, each to hold office until our 2018 annual meeting of stockholders and until his or her successor has been duly elected and qualifies;
2. To consider and vote upon, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement ("*Say-on-Pay*");
3. To consider and vote upon the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2017; and
4. To transact such other business as may properly come before the annual meeting, including any postponement or adjournment of the meeting.

You can vote if you were a stockholder of record as of the close of business on March 8, 2017.

This year, we initiated the use of "Notice and Access" for delivery of proxy information to many stockholders, thereby capturing cost and environmental benefits. These stockholders will receive by mail a *Notice Regarding the Availability of Proxy Materials on the Internet*. The notice will contain instructions on how to view the proxy materials and vote online. The notice will also contain instructions on how to request paper copies of all proxy materials, if desired.

Your vote is important to us. We hope that you will attend the meeting, but whether or not you plan to attend, we want to make sure your shares are represented at the meeting. You can vote your shares by Internet, toll-free telephone call, or proxy card.

By Order of the Board of Directors:

A handwritten signature in black ink that reads "Robert M. Jackson".

CYRUSONE INC.
2017 ANNUAL MEETING OF STOCKHOLDERS
PROXY STATEMENT
QUESTIONS AND ANSWERS

Q: *Why did I receive a Notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?*

A: The Board of Directors is soliciting proxies to be voted at our annual meeting. This year we have elected to distribute proxy materials to many stockholders via the Internet under the Securities and Exchange Commission's (SEC's) "Notice and Access" rules. On or about March 17, 2017, we mailed a Notice Regarding the Availability of Proxy Materials ("Notice") that contains information about our 2017 Annual Stockholders Meeting and instructions on how to view all proxy materials online. Also included are instructions on how to request a paper copy of the proxy materials.

Q: *Who is entitled to vote?*

A: All common stockholders of record as of the close of business on March 8, 2017, the record date, are entitled to notice of and to vote at the annual meeting and any postponement or adjournment of the meeting. As of the close of business on the record date, 87,847,109 shares of our common stock were outstanding and entitled to vote. Each share of common stock is entitled to one vote at the annual meeting. There is no cumulative voting.

Q: *What is the quorum for the annual meeting?*

A: A quorum at the annual meeting will consist of the presence, in person or by proxy, of stockholders entitled to cast a majority of all the votes entitled to be cast on any matter. No business may be conducted at the meeting if a quorum is not present, but the meeting may be adjourned to another date not more than 120 days after the original record date without notice other than announcement at the meeting.

Q: *How do I vote?*

A: If your shares are registered in your name with our transfer agent, Computershare Trust Company N.A., ("Computershare"), you are the "stockholder of record" of those shares and you may authorize a proxy to vote your shares by following the instructions listed on the Notice of Internet Availability. If you received a proxy card, please complete, date, sign and promptly return the proxy card in the self-addressed stamped envelope provided. You may also authorize your proxy to vote your shares by telephone as described on the proxy card. In addition, you can always come to the meeting and vote your shares in person.

If your shares are held through a broker, bank or other nominee (held in street name), you will receive instructions from such entity that you must follow in order to have your shares voted. Most brokers, banks and other holders of record allow you to submit voting instructions by mail, telephone and on the internet. If you want to vote in person, you must obtain a legal proxy from your broker, bank or other nominee and bring it to the meeting, and submit it with your vote.

Whichever method you select to transmit your instructions, the proxies will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by the Board of Directors: for each director nominee, for ratification of the appointment of the independent registered public accounting firm, and for the advisory vote to approve named executive officer compensation.

Important: Only stockholders of record as of the close of business on the record date or their duly authorized proxy are entitled to attend the annual meeting and vote in person.

Q: What am I voting on?

A: The purpose of the annual meeting is to consider the following three proposals:

- Proposal 1: To elect eight directors, each to hold office until our 2018 annual meeting of stockholders and until his or her successor has been duly elected and qualifies;
- Proposal 2: To consider and vote upon, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement ("*Say-on-Pay*"); and
- Proposal 3: To consider and vote upon the ratification of the appointment of Deloitte & Touche LLP ("*Deloitte*") as our independent registered public accounting firm for the year ending December 31, 2017.

We are not aware of any matters to be presented at the annual meeting other than those described in this proxy statement. If any matters not described in this proxy statement are properly presented at the meeting, the person named in the accompanying proxy will vote all proxies in their discretion. If the meeting is adjourned or postponed, the proxies can vote your shares at the adjournment or postponement as well.

Q: What vote is required to approve the proposals assuming that a quorum is present at the annual meeting?

A: Proposal 1: Election of Eight Directors: The election of the eight director nominees must be approved by a plurality of the votes cast. However, as a condition to being nominated, each director nominee has agreed to offer to resign if he or she receives a greater number of votes "withheld" than votes "for" his or her election.

Proposal 2: Say-on-Pay: The approval, on a non-binding, advisory basis, of the compensation of the Company's named executive officers requires the affirmative vote of a majority of the votes cast on the matter.

Proposal 3: Ratification of Independent Auditor: Ratification of the appointment of Deloitte as our independent public registered accounting firm requires the affirmative vote of a majority of the votes cast on the matter.

If you hold your shares in street name, and you do not submit voting instructions to your broker, bank or other nominee, your broker, bank or other nominee will not be permitted to vote your shares in their discretion on the election of directors or the advisory vote to approve executive compensation, but may still be permitted to vote your shares in their discretion on the ratification of the independent registered public accounting firm.

Q: How are abstentions and broker non-votes treated?

A: Pursuant to Maryland law, abstentions and broker non-votes are counted as present for purposes of determining the presence of a quorum. However, broker non-votes and abstentions will have no impact on the outcome of any of the three proposals, as they are not counted as votes cast. A broker non-vote is a vote that is not cast on a non-routine matter by a broker that is present (in person or by proxy) at the meeting because the shares entitled to cast the vote are held in street name, the broker lacks discretionary authority to vote the shares and the broker has not received voting instructions from the beneficial owner.

Q: Who has paid for this proxy solicitation?

A: We are providing these proxy materials in connection with the solicitation by the Company's Board of Directors of proxies to be voted at our Annual Meeting. We will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, we expect that a number of our employees will solicit shareholders personally, electronically and by telephone. None of these employees will receive any additional compensation for doing this. We have retained Okapi Partners to assist in the solicitation of proxies for a fee of \$9,500 plus reimbursement of expenses. We will, on request, reimburse brokers, banks and other nominees for their expenses in sending proxy materials to their customers who are beneficial owners and obtaining their voting instructions.

Q: May stockholders ask questions at the annual meeting?

A: Yes. There will be time allotted at the end of the meeting when our representatives will answer appropriate questions from the floor.

Q: How many copies should I receive if I share an address with another stockholder?

A: The SEC has adopted rules that permit companies and intermediaries, such as a broker, bank or other nominee, to implement a delivery procedure called "householding." Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our proxy materials, unless the affected stockholder has provided us with contrary instructions. This procedure provides extra convenience for stockholders and cost savings for companies.

Our Company and some brokers, banks or other nominees may be householding our proxy materials. A single set of our proxy materials, including the proxy statement and our annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Separate proxy cards will be included for each stockholder at the address. Once you have received notice from your broker, bank or other nominee that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. Stockholders of record may revoke their consent at any time by contacting Robert M. Jackson, Executive Vice President, General Counsel and Secretary, either by calling toll-free (855) 564-3198 or by writing to 2101 Cedar Springs Road, Suite 900, Dallas, Texas 75201, Attention: Corporate Secretary. If you hold your shares through a broker, bank or other nominee holder of record, you should contact your holder of record to revoke your consent.

Upon written or oral request, we will promptly deliver a separate copy of our proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the proxy materials, you may either call (855) 564-3198 or send a written request to CyrusOne Inc., 2101 Cedar Springs Road, Suite 900, Dallas, Texas 75201, Attention: Robert M. Jackson, Corporate Secretary. In addition, if you are receiving multiple copies of our proxy materials, you can request householding by contacting our corporate secretary in the same manner.

Q: What does it mean if I receive more than one set of proxy materials?

A: It means that you have multiple accounts with our transfer agent or with brokers. Please submit all of your proxies over the internet, following the instructions provided on your proxy cards, by mail or by telephone to ensure that all of your shares are voted.

Q: *Can I change my vote after I have voted?*

A: If you hold your shares in street name, you must follow the instructions of your broker, bank or other nominee to revoke your voting instructions. If you are a holder of record and wish to revoke your proxy instructions, you must deliver later-dated proxy instructions, advise the Corporate Secretary in writing before the proxies vote your shares at the meeting, or attend the meeting and vote your shares in person.

Q: *Can I find additional information on the Company's website?*

A: Yes. Our website is located at www.cyrusone.com. Although the information contained on our website is not part of this proxy statement, you can view additional information on the website, such as our corporate governance guidelines, our code of business conduct and ethics, charters of our Board committees and reports that we file with the SEC. A copy of our corporate governance guidelines, our code of business conduct and ethics and each of the charters of our Board committees may be obtained free of charge by writing to CyrusOne Inc., 2101 Cedar Springs Road, Suite 900, Dallas, Texas 75201, Attention: Robert M. Jackson, Corporate Secretary.

PROPOSAL 1: ELECTION OF EIGHT DIRECTORS

At the 2017 annual meeting, we are asking our stockholders to elect the eight directors named in this proxy statement to serve until the 2018 annual meeting and until their successors are duly elected and qualified.

Ferdman, John W. Gamble, Michael A. Klayko, T. Tod Nielsen, Alex Shumate, William E. Sullivan and Lynn A. Wentworth (the "Nominees"). All of the Nominees currently serve as directors. However, if any Nominee is unable to serve or declines to do so, the discretionary authority provided in the proxy will be exercised by the proxy holders to vote for a substitute or substitutes nominated by the Board of Directors, or the Board of Directors, on the recommendation of the Nominating and Corporate Governance Committee, may reduce the size of the Board and number of nominees.

The Board of Directors recommends a vote FOR each Nominee.

Corporate Governance Profile

Notable features of our corporate governance structure include the following:

- the Board of Directors is not classified; instead, each of our directors is subject to re-election annually;
- as a condition to being nominated, each director nominee must agree to offer to resign if he or she receives a greater number of votes "withheld" than votes "for" his or her election as a director;
- the Board has separated the positions of Chairman and CEO, with an independent director serving as Chairman;
- we have opted out of the control share acquisition statute of the Maryland General Corporation Law;
- our Bylaws may be amended by the vote of a majority of our stockholders;
- each of our directors, other than Mr. Wojtaszek, our president and CEO, is "independent" within the meaning of the NASDAQ listing standards;
- our independent directors meet regularly in executive sessions without the presence of management;
- each of the members of the Audit, Compensation and Nominating and Corporate Governance Committees is independent within the meaning of the NASDAQ listing standards;
- each of the members of the Audit Committee and the Compensation Committee meet the heightened independence standards within the meaning of the NASDAQ listing standards for service on those committees; and;
- each member of the Audit Committee qualifies as an "Audit Committee financial expert" as defined by the SEC.

Board Leadership

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership and the right Board leadership structure may vary as circumstances warrant. Consistent with this understanding, the Board of Directors considers its leadership structure on an annual basis.

The Board of Directors may designate a chairman of the Board, who may or may not be an executive chairman. Since June 2014, Alex Shumate has served as our Chairman of the Board of Directors. Based on its most recent review of our leadership structure and the needs of the Company, the Board continues to believe that having Mr. Shumate serving in this position is optimal because it provides our Company with strong, effective and consistent leadership. Furthermore, our corporate governance guidelines provide that it is the Board's general policy that the positions of Chairman of the Board and Chief Executive Officer should be separate persons as an aid to the Board's oversight of management. The corporate governance guidelines also require a lead independent director, which since June 2014 has been Mr. Shumate.

In considering its leadership structure, the Board has taken a number of factors into account. The Board, which consists of a majority of independent directors, exercises a strong, independent oversight function. The Audit, Compensation and Nominating and Corporate Governance Committees being comprised entirely of independent directors enhances this oversight function. A number of Board and committee processes and procedures, including regular executive sessions of independent directors and a regular review of our executive officers' performance, provide substantial independent oversight of our management's performance. Finally, under our Bylaws and corporate governance guidelines, the Board has the ability to change its structure, should it deem doing so to be appropriate and in the best interests of our Company. The Board believes that these factors provide the appropriate balance between the authority of those who oversee our Company and those who manage it on a day-to-day basis.

The Chairman of the Board presides at all meetings of the Board of Directors, unless otherwise prescribed. The Chairman performs such other duties, and exercises such powers, as from time to time shall be prescribed in our Bylaws or by the Board of Directors.

Director Independence

In accordance with the corporate governance listing standards of NASDAQ and our corporate governance guidelines, the Board, upon the recommendation of the Nominating and Corporate Governance Committee that is comprised solely of independent members, affirmatively evaluates and determines the independence of each director and each nominee for election. Based on an analysis of information supplied by the directors, and other information including the matters set forth in this proxy document under the caption "Certain Relationships and Related Transactions," the Board evaluates whether any director has any material relationship with CyrusOne, either directly or as a partner, stockholder or officer of an organization that has a relationship with CyrusOne, that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Based on these standards, the Board affirmatively determined that each of the following directors has no relationship with CyrusOne, except as a director and stockholder, and is independent: David H. Ferdman, John W. Gamble, Michael A. Klayko, T. Tod Nielsen, Alex Shumate, William E. Sullivan and Lynn A. Wentworth.

The Board determined that Gary J. Wojtaszek is not independent because he is the President and Chief Executive Officer of CyrusOne.

Board Meetings

In 2016, the Board of Directors held eleven meetings, the Audit Committee held nine meetings, the Compensation Committee held five meetings and the Nominating and Corporate Governance Committee held five meetings. Each director attended over 75% of the Board meetings and each director's respective committee meetings in 2016.

Although we do not have a policy requiring directors' attendance at annual meetings of stockholders, they are expected to do so. Each of our then-serving directors attended our 2016 annual meeting of stockholders.

The Board of Directors regularly meets in executive session, without management present. Generally, these executive sessions follow after each quarterly meeting of the Board and each committee. In addition, the independent directors of the Board and the committees meet regularly in independent sessions without management or non-independent directors present. Alex Shumate, our Chairman and lead independent director, presides over such independent, non-management sessions of the Board. In 2016, the independent directors met at least twice in such independent sessions. As deemed necessary, directors also discuss matters informally between board and committee meetings.

Board Committees

Under our corporate governance guidelines, the composition of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee must comply with the rules of the SEC and listing standards and other rules and regulations of NASDAQ, as amended or modified from time to time. Our corporate governance guidelines define "independent director" by reference to the rules of the SEC and rules, regulations and listing standards of NASDAQ, which generally deem a director to be independent if the director has no relationship that may interfere with the exercise of the director's independent judgment, and which further impose heightened requirements of independence for members of the Audit and Compensation Committees. Our Board of Directors may from time to time establish other committees to facilitate the management of our Company.

Audit Committee. The Audit Committee helps ensure the integrity of our financial statements, the qualifications and independence of our independent auditor and the performance of our internal audit function and independent auditors. The Audit Committee selects, assists and meets with the independent auditor, oversees each annual audit and quarterly review, discusses with management disclosures relating to our internal controls over financial reporting and prepares the report that federal securities laws require be included in our annual proxy statement. Mr. Gamble is the chair of the Audit Committee. Mr. Sullivan and Ms. Wentworth also serve as members of our Audit Committee. The Board has determined each of Mr. Gamble, Mr. Sullivan and Ms. Wentworth to be an audit committee financial expert. Each member of the Audit Committee has been determined to be independent in accordance with the NASDAQ listing standards applicable to service on audit committees. The Audit Committee operates pursuant to a written charter.

Compensation Committee. The Compensation Committee reviews and makes recommendations to our Board of Directors regarding the compensation and benefits of our executive officers, administers and makes recommendations to our Board of Directors regarding our compensation and stock incentive plans, and produces an annual report on executive compensation for inclusion in our proxy statement. Mr. Nielsen is the chair of the Compensation Committee. Mr. Klayko and Ms. Wentworth also serve as members of our Compensation Committee. Each member of the Compensation Committee has been determined to be independent in accordance with the NASDAQ listing standards applicable to service on compensation committees. The Compensation Committee operates pursuant to a written charter. In 2016, the Compensation Committee engaged Christenson Advisors to assist it in the performance of its duties and to make recommendations to the Compensation Committee with respect to director and

executive compensation. In engaging the compensation consultant, the Compensation Committee considered the consultant's independence and actual or potential conflicts of interest. In connection with this review, the Compensation Committee solicited information regarding work for the Company, fees paid, relationships with members of the Board or management, ownership of Company stock and other information. The Compensation Committee is not aware of any conflicts of interest or other matters that affected the consultant's independence.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee develops and recommends to our Board of Directors a set of corporate governance guidelines, a code of business conduct and ethics and related Company policies and periodically reviews and recommends updates and changes to such guidelines, code and policies to the Board of Directors, monitors our compliance with corporate governance requirements of state and federal law and the rules and regulations of the NASDAQ, establishes criteria for prospective members of our Board of Directors and conducts candidate searches and interviews. Mr. Sullivan is the chair of the Nominating and Corporate Governance Committee. Messrs. Klayko and Shumate also serve as members of our Nominating and Corporate Governance Committee. Each of the Committee members has been determined to be independent in accordance with the applicable NASDAQ listing standards. The Nominating and Corporate Governance Committee operates pursuant to a written charter.

Role of the Board in Risk Oversight

One of the key functions of the Board of Directors is informed oversight of our risk management process. The Board of Directors administers this oversight function directly, with support from the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each of which addresses risks specific to their respective areas of oversight. In particular, among other things, the Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. The Audit Committee also monitors compliance with the Company's policy on related party transactions, and our executives' compliance with the Company's code of business conduct and ethics. The Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. The Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines.

Nomination of Directors

Before each annual meeting of stockholders, the Nominating and Corporate Governance Committee considers the nomination of all directors whose terms expire at the next annual meeting of stockholders, and also considers new candidates whenever there is a vacancy on the Board or whenever a vacancy is anticipated due to a change in the size or composition of the Board, a retirement of a director or for any other reason. In addition to considering incumbent directors, the Nominating and Corporate Governance Committee may identify director candidates based on recommendations from any qualified individual or group, including, but not limited to, stockholders, the incumbent directors and members of management. The Committee has, and may in the future, engage the services of third-party search firms to assist in identifying or evaluating director candidates.

The Nominating and Corporate Governance Committee evaluates annually the effectiveness of the Board as a whole, its committees, and of each individual director and identifies any areas in which the Board would be better served by adding new members with different skills, backgrounds or areas of

experience. The Board of Directors considers director candidates based on a number of attributes including:

- Established leadership reputation in his/her field;
- Reputation for good business judgment;
- Active in business;
- Knowledge of business on a national/global basis;
- Meets high ethical standards;
- Commitment to regular Board/committee meeting attendance;
- The candidate's familiarity with data center facilities and operations; and
- Whether the candidate would contribute to the gender, racial and/or geographical diversity of the Board.

Candidates also are evaluated based on their understanding of our business and willingness to devote adequate time to carrying out their duties. The Nominating and Corporate Governance Committee also monitors the mix of skills, experience and background to assure that the Board has the necessary composition to effectively perform its oversight function. As noted immediately above, diversity characteristics of a candidate are just one of several factors considered by the committee when evaluating director candidates. A candidate will neither be included nor excluded from consideration solely based on his or her diversity traits. The Nominating and Corporate Governance Committee conducts regular reviews of current directors in light of the considerations described above and their past contributions to the Board of Directors.

The Nominating and Corporate Governance Committee will consider appropriate candidates for directors recommended by a stockholder of our Company. The Nominating and Corporate Governance Committee will evaluate director candidates submitted by our stockholders on the same basis as any other director candidates. We did not receive any recommendations of director candidates or director nominations by stockholders for the 2017 annual meeting.

Recommendations for nominations should be addressed to CyrusOne Inc., 2101 Cedar Springs Road, Suite 900, Dallas, Texas 75201, Attention: Robert M. Jackson, Corporate Secretary, indicating the candidate's qualifications and other relevant biographical information and providing confirmation of the candidate's consent to serve as a director, if elected. Stockholders may also nominate qualified individuals for election to the Board of Directors by complying with the advance notice and other requirements of our Bylaws regarding director nominations. These requirements are also described under the caption "Stockholder Proposals."

Majority Voting Resignation Policy for Election of Directors

Our corporate governance guidelines provide that, as a condition to nomination, each director will agree to offer to resign if at a meeting of the stockholders relating to an uncontested election, the director receives a greater number of votes "withheld" than votes "for" such election. The Nominating and Corporate Governance Committee will consider the offer and recommend to the Board whether to accept or reject the offer to resign within 60 days following the certification of the stockholder vote. No later than 90 days following the certification of the stockholder vote, the Board will decide whether to accept the offer to resign. Any director who offers to resign is prohibited from participating in the Nominating and Corporate Governance Committee's deliberations or recommendation, or in the Board's deliberations and determination, regarding whether to accept his or her offer of resignation.

Compensation Committee Interlocks and Insider Participation

There are no Compensation Committee interlocks and none of our employees participate on the Compensation Committee.

PROPOSAL 2: SAY-ON-PAY

To consider and approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement ("Say-on-Pay")

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") requires the Board of Directors to provide our stockholders with the opportunity to vote on a non-binding, advisory basis, on the compensation of our named executive officers as set forth in this proxy statement. This proposal is also referred to as the "Say-on-Pay" vote. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the principles, policies and practices described in this proxy statement.

Our executive compensation program rewards performance, supports our business strategies, discourages excessive risk-taking, makes us competitive for top talent among our peers and other relevant enterprises, while at the same time aligns our executives' interests with the long-term interests of our stockholders. Our Compensation Discussion and Analysis and the related compensation tables, which begin on page 21 of this proxy statement, describe in detail the components of our executive compensation program and the process by which our Compensation Committee makes executive compensation decisions. Highlights of our program include the following:

- Over 70% of the total target annual direct compensation for our CEO is performance-based, and thus at-risk and variable with our performance and stock price;
- Multiple performance metrics are utilized to discourage excessive risk-taking, by removing any incentive to focus on a single performance goal to the detriment of other performance goals, and by balancing long-term and short-term objectives;
- Equity plans prohibit re-pricing of stock options without stockholder approval;
- We do not guarantee incentive compensation under our annual cash bonus plan or long-term incentive plan;
- We support a culture committed to paying for performance where compensation is commensurate with the level of performance achieved;
- Clawback policies allow recovery of certain compensation payments and proceeds from executives in the event of a significant restatement of financial results;
- Equity awards granted after June 2015 are subject to "double-trigger" change-in-control provisions;
- We do not provide gross-ups to cover personal income taxes that pertain to executive or severance benefits, except for certain gross-ups in connection with relocation consistent with our general employment policies; and
- We do not provide special executive retirement programs.

We design our compensation programs to motivate our executives to achieve our fundamental and overriding objective-to create value for our stockholders at leadership levels on a consistent basis.

While the vote is non-binding, we highly value the opinions of our stockholders and the Compensation Committee will consider the outcome of this advisory vote in connection with future executive compensation decisions.

**The Board of Directors recommends a vote
FOR the approval, on a non-binding, advisory basis, of the following resolution:**

"RESOLVED, that the stockholders of CyrusOne Inc. approve, on an advisory basis, the compensation of CyrusOne Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, Summary Compensation Table and other related tables and disclosures."

**PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected Deloitte & Touche LLP ("Deloitte") to serve as the Company's independent registered public accounting firm for the year ending December 31, 2017, and the Board of Directors is asking stockholders to ratify this appointment. Although current law, rules and regulations, as well as the Audit Committee Charter, require the Company's independent registered public accounting firm to be engaged, retained and supervised by the Audit Committee, the Board of Directors considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the appointment of Deloitte for ratification by stockholders as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee may reconsider whether or not to retain Deloitte in the future. Deloitte has served as the Company's independent registered public accounting firm since August 2012.

Fee Disclosure

The following is a summary of the fees billed by Deloitte for professional services rendered for the years ended December 31, 2016 and December 31, 2015:

	Year Ended December 31, 2016	Year Ended December 31, 2015
Audit Fees	\$ 1,325,619	\$ 1,075,846
Audit Related Fees	338,695	473,255
Tax Fees	31,410	17,299
All Other Fees	—	—
Total	<u>\$ 1,695,724</u>	<u>\$ 1,566,400</u>

Audit Fees

"Audit Fees" consist of fees and related expenses billed for professional services rendered for the audit of the financial statements and services that are normally provided by Deloitte in connection with statutory and regulatory filings or engagements. For example, audit fees include fees for professional services rendered in connection with quarterly and annual reports, and the issuance of consents by Deloitte to be named in our registration statements and to the use of their audit report in the registration statements.

Audit-Related Fees

"Audit-Related Fees" consist of fees and related expenses for products and services other than services described under "Audit Fees" and "Tax Fees." These services included, among others, due diligence related to completed and potential acquisitions, accounting consultations that were not required by statute or regulation and consultations concerning financial accounting and reporting.

Tax Fees

"Tax Fees" consist of fees and related expenses billed for professional services for international tax compliance, advice and planning.

Pre-Approval Policy

All audit, tax and other services provided to us were reviewed and pre-approved by the Audit Committee or a member of the Audit Committee designated by the full committee to pre-approve such

services. Generally, the scope of the work to be performed by Deloitte, and the proposed fees associated with the work, are reviewed by management. The proposed work and associated fees are then presented to the Audit Committee for review, and if deemed appropriate, approved. The Audit Committee in its discretion meets with both Deloitte and with management together and, if needed, separately, prior to giving its approval. For approval of minor adjustments to the scope of work or fees, the Committee in its discretion may delegate approval to its chair. The Audit Committee or designated member concluded that the provision of such services by Deloitte was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

A representative of Deloitte will be present at the annual meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2017.

AUDIT COMMITTEE REPORT

The following is a report by the Audit Committee regarding the responsibilities and functions of the Audit Committee.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors, in accordance with the Audit Committee Charter. Management is responsible for the preparation of the Company's financial statements and the financial reporting process, including implementing and maintaining effective internal control over financial reporting and for the assessment of, and reporting on, the effectiveness of internal control over financial reporting. The Company's independent registered public accounting firm, Deloitte, is responsible for expressing an opinion on the conformity of the Company's audited financial statements and financial statement schedules with accounting principles generally accepted in the United States of America.

In fulfilling its oversight responsibilities, the Audit Committee reviewed with management and Deloitte the audited financial statements for the year ended December 31, 2016 contained in the Company's Annual Report on Form 10-K, as amended, for the year ended December 31, 2016, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also reviewed and discussed with management and Deloitte the disclosures made in "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Controls and Procedures" included in the Company's Annual Report on Form 10-K, as amended, for the year ended December 31, 2016.

In addition, the Audit Committee received and discussed the written disclosures and the letter from Deloitte that are required by applicable requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the Audit Committee concerning independence, discussed with Deloitte the firm's independence from management and the Audit Committee, and discussed with Deloitte the matters required to be discussed by the Statement on Auditing Standards No. 16, "Communications with Audit Committees".

In reliance on the reviews and discussions referred to above, prior to the filing of the Company's Annual Report on Form 10-K, as amended, for the year ended December 31, 2016 with the SEC, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in such Annual Report for filing with the SEC.

2016 Compensation

Annual Incentive Plan Performance and Payouts. In 2016, the revenue target under the annual incentive plan was set at 127% of 2015 revenue and the Company increased its revenue by 32.5% over 2015, exceeding its target under the annual incentive plan by \$21.1 million, or 104% of target. Normalized FFO increased by 66% over 2015, or by \$20.2 million over the target for 2016, which had been set at 127% of 2015 Normalized FFO. The Company's strong performance, together with achievement of individual performance goals, resulted in annual incentive payouts to our CEO and each of our other named executive officers at 144% of target. In addition, the Compensation Committee awarded a special additional bonus to Mr. Durvasula in the amount of \$300,000 in recognition of the Company's record sales year and the successful acquisition and integration of the CME data center and to Mr. Jackson in the amount of \$138,880 in recognition of external and internal pay alignment.

Long-term Incentive Awards. Long-term incentive awards granted in February 2016 consisted of a mix of performance-based restricted stock (58%), stock options (24%) and time-based restricted stock (18%) based on grant date fair value. The performance-based restricted stock vests based upon achievement of relative TSR goals (50% of the award) and achievement of return on asset (ROA) goals (50% of the award) over the 2016-2018 performance period. The stock option and time-based restricted stock components of the 2016 awards vest in three equal annual installments beginning in 2017. The performance targets and actual results for performance-based restricted stock awards that vested based on 2016 performance are discussed in the Narrative Disclosure to the 2016 Grants of Plan-Based Awards Table.

2016 Retention Awards. In February 2016, the Compensation Committee granted one-time, special awards of restricted stock to Messrs. Wojtaszek, Durvasula and Timmons, with a grant date fair value of \$3,262,333, \$2,509,513 and \$1,706,460, respectively, in recognition of their contributions to the Company's performance since our IPO and to provide an additional retention incentive. These awards "cliff" vest in February 2019. The Compensation Committee, with input from its compensation consultant, determined that a one-time, special retention award to each of these executives was reasonable and warranted in light of, among other reasons, our 197% share price appreciation since our IPO through December 31, 2015, our total stockholder return performance relative to other REITs, and their outstanding leadership, individual performance and strategic vision, as well as to provide an additional retention incentive based on the high demand for executive talent in the marketplace and to mitigate the impact of the vesting of their founders restricted stock grants in January 2016.

Compensation Philosophy and Governance Highlights

Our fundamental objective is to create value for stockholders, on a consistent long-term basis. Our compensation philosophy is to support value creation for our stockholders by attracting and retaining talented executives with competitive pay packages, to align the compensation for our senior executives to sustainable, consistent, balanced growth and to achievement of specific short- and long-term goals set by the Compensation Committee. We use a combination of compensation programs to incent our senior executives to achieve growth and value creation over the short- and long-term. We use a short-term incentive plan to reward executives for achievement of annual business goals set by the Compensation Committee. We use a long-term incentive program to reward executives for achievement of three-year business goals set by the Compensation Committee. Our other compensation governance highlights include:

- We align pay with performance while mitigating undue risk.
- We hold annual advisory votes on the compensation of our named executive officers.
- The Compensation Committee is composed solely of independent directors.

- We have stock ownership guidelines for our executive officers, including the named executive officers, and our independent directors.
- We have a compensation clawback policy that permits the Company to recoup executive compensation in the event of a material financial misstatement.
- The exercise price of options granted under the Plan may not be less than the closing price of our common stock on the date of grant.
- Our named executive officers participate in the same welfare benefit programs at the same cost as other salaried employees.
- Beginning with agreements executed or awarded in July 2015, our named executive officers' employment agreements and equity awards include double-trigger change-in-control severance benefits.
- We provide limited perquisites.
- We require a minimum vesting period of at least one year following the grant date for 95% of equity awards.
- Our insider trading policy prohibits any employee or director from engaging in hedging activities involving Company stock.
- The Compensation Committee's compensation consultant is independent and provides no other services to the Company.
- We do not provide pension benefits or supplemental retirement plans.
- We do not provide tax gross-ups for executive officers, except in connection with relocation consistent with our standard relocation program applicable to all employees.
- The change in control definition contained in the Plan is not a "liberal" definition that would be activated on mere stockholder approval of a transaction.
- The Plan prohibits the repricing of stock options without stockholder approval.
- We do not guarantee incentive compensation under our annual cash bonus plan or long-term incentive plan.
- We support a culture committed to paying for performance where compensation is commensurate with the level of performance achieved.

Say On Pay Vote

Our stockholders approved a non-binding advisory say-on-pay proposal at our 2016 Annual Meeting with over 99% of the votes cast voting in favor of that proposal. The Compensation Committee reviewed the results of the stockholder vote and intends to continue to monitor our current compensation structure and future votes to ensure that there is continued support for our pay programs among our stockholders.

How We Make Compensation Decisions

Role of Compensation Consultant and Market Data

To assist in evaluating our compensation practices, in 2016, the Compensation Committee engaged an independent consultant, Christenson Advisors ("Christenson"), to provide a competitive analysis of compensation levels for our named executive officers. Specifically, our Compensation Committee worked with Christenson to establish our peer groups, and Christenson conducted a competitive market

assessment of the compensation elements for each of our named executive officers, compared to our peer groups. In setting compensation levels for our named executive officers, our Compensation Committee uses peer groups to maintain an awareness of market data and pay practices, but considers various factors—each as discussed in greater detail below in this Compensation Discussion and Analysis—and does not target any element of compensation at a particular percentile or percentile range of the peer group data. Rather, our Compensation Committee uses this peer-group information as one input in its decision-making process.

In light of the Company's unique operating business, which combines aspects of both a real estate/asset business and a technology/operating business, the Compensation Committee, in consultation with Christenson and input from management, identified twenty-eight peer companies, which are organized into three different peer groups:

- (i) a direct competitor peer group,
- (ii) a size-based peer group, and
- (iii) a cloud computing peer group.

The Compensation Committee considers that using three separate peer groups better captures the full aspects of marketplace in which the Company competes for business and talent, which could be missed by the use of one peer group alone:

- The direct competitor peer group includes companies against which we compete for business and talent;
- The size-based peer-group includes REITs that are comparable in size and against which the Company's financial performance is measured by the real-estate investors. In addition, this peer group includes a direct competitor against which we compete for business and talent; and
- The cloud-based technology group includes companies that provide thought leadership on products which drive colocation decisions for companies such as ours. In addition, this peer group includes several competitors against which the Company competes for business and talent.

The table below identifies the companies in each of these three peer groups. The direct competitor peer group had two changes (the addition of Equinix and the removal of Endurance International Group) and the cloud computing peer group had two changes (the addition of Endurance International Group and the removal of Equinix) from the prior year. The size-based peer group changed due to the Company's growth/increase in size. There was one common peer in the size-based peer group from 2015 to 2016 (Medical Properties Trust).

<i>Direct Competitor Peer Group</i>		
Digital Realty Trust	Dupont Fabros Technology, Inc.	CoreSite
QTS Realty Trust	Equinix	
<i>Size-Based Peer Group</i>		
Ashford Hospitality Trust	Brandywine Realty Trust	CCA, Inc.
Corporate Office Properties Trust	DCT Industrial Trust	Dupont Fabros Technology, Inc.
Healthcare Trust of America, Inc.	Hudson Pacific Properties	Lasalle Hotel Properties
Lexington Realty Trust	Medical Properties Trust, Inc.	RLI Lodging Trust
Ryman Hospitality Properties	Sovran Self Storage, Inc.	STORE Capital
Sunstone Hotel Investors, Inc.	The GEO Group, Inc.	
<i>Cloud Computing Peer Group</i>		
VMware	Citrix Systems	Salesforce.com
CenturyLink/Savvis	Rackspace	Endurance International Group

In general, we used the median and 75th percentile of the peer group data as primary points of reference, with a particular emphasis on the direct competitor and size-based peer groups, when assessing the competitiveness of our named executive officers' 2016 total target compensation (establishing base salaries, annual incentive targets, long-term incentive targets, and total target compensation). Excluding Ms. Morefield who was hired in November 2016 and the one-time special retention grant to Messrs. Wojtaszek, Durvasula and Timmons, total target compensation fell between the median and 75th percentile of the peer group data and around the 75th percentile of the direct competitor and size-based peer groups. In addition to the peer group data, the Committee also referenced compensation information from the top 20 performing REITs (based on stock price appreciation since the Company's IPO) as the Company competes with these top performing REITs for talent in the marketplace. While the data from top 20 performing REITs was not used as a direct benchmark or primary point of reference given the Company's size relative to these 20 REITs (the Company's market cap fell slightly above the 25th percentile of the top 20 performing REITs), the Committee monitors this information to stay abreast of competitive practices in the market for executive talent.

Role of Executive Officers, the Compensation Committee and the full Board of Directors

All compensation for the named executive officers (including the Chief Executive Officer) is set by the Compensation Committee annually. The Compensation Committee also determines measurements and targets, and performance relative to them, under our annual and long-term incentives for the named executive officers. Individual base salaries, and annual and long-term incentive targets, are determined by the Committee after taking into consideration a number of internal and external factors, including the external marketplace and peer group data, the executive's position and responsibility, the demand for executive talent in the marketplace, the Company's performance, and the individual's performance and future potential. The Compensation Committee also considers the CEO's self-performance evaluation when setting the CEO's compensation and, with respect to each of the other named executive officers, the CEO's recommendations for base salary, annual incentive awards and long-term incentive grants based on his assessment of their individual performance.

2016 Executive Compensation Components

Base Salary

Base salaries represent the only fixed portion of our named executive officers' annual compensation and represented 18% of our CEO's total target annual compensation (base salary *plus* target bonus *plus* target long-term incentive grant). Base salaries are established at levels intended to recognize fundamental market value for the skills and experience of the individual relative to the responsibilities of his or her position.

The table below summarizes the base salaries approved for each of our named executive officers for 2016:

	<u>2016 Base Salary (\$)</u>	<u>2015 Base Salary (\$)</u>	<u>% Change</u>
Mr. Wojtaszek	800,000	618,000	29.4%
Ms. Morefield	425,000	—	0.0%
Mr. Durvasula	450,000	360,500	24.8%
Mr. Timmons	400,000	360,500	11.0%
Mr. Jackson	320,000	320,000	0%
Mr. Andrews	425,000	425,000	0%

The increases for Messrs. Wojtaszek, Durvasula and Timmons were in recognition of the substantial efforts made by these executives to the successful growth of our Company since our IPO,

the fact that no base salary increases were approved for 2015, and a review of peer group data. Mr. Wojtaszek's base salary increase placed him at the 75th percentile of the size-based peer group, above the 75th percentile of the direct competitor peer group and between the 25th percentile and median of the cloud computing peer group. Given the market data, the high performance of the Company and Mr. Wojtaszek's high individual performance (as well as other positive factors), the Compensation Committee, after consultation with Christenson, determined that such an increase was reasonable and warranted. A similar approach/analysis was used for Messrs. Durvasula and Timmons. The base salaries of the other named executives were established at the time of their respective hirings in 2015 (Messrs. Jackson and Andrews) and 2016 (Ms. Morefield) based on market data and arms-length negotiations.

The Compensation Committee reviewed base salaries in February 2017 as part of its annual compensation review and determined no adjustments were necessary for 2017.

Annual Bonus

Each of our named executive officers participated in our Short Term Incentive Plan for 2016, pursuant to which each executive had an opportunity to earn additional cash compensation based on achievement of pre-established financial goals (weighted 80%) and individual performance goals (weighted 20%) that supported our annual business objectives.

The following table shows the Threshold, Target and Max annual incentive plan opportunities for each of the named executive officers:

2016 STI Opportunities	Threshold	Target	High/Max
Mr. Wojtaszek %	50.0%	175.0%	200.0%
Mr. Wojtaszek \$	\$ 700,000	\$ 1,400,000	\$ 2,800,000
Ms. Morefield %	50.0%	100.0%	200.0%
Ms. Morefield \$	\$ 212,500	\$ 425,000	\$ 850,000
Mr. Durvasula %	50.0%	100.0%	200.0%
Mr. Durvasula \$	\$ 225,000	\$ 450,000	\$ 900,000
Mr. Timmons %	50.0%	100.0%	200.0%
Mr. Timmons \$	\$ 200,000	\$ 400,000	\$ 800,000
Mr. Jackson %	50.0%	70.0%	200.0%
Mr. Jackson \$	\$ 112,000	\$ 224,000	\$ 448,000
Mr. Andrews %	50.0%	100.0%	200.0%
Mr. Andrews \$	\$ 212,500	\$ 425,000	\$ 850,000

The Compensation Committee increased Mr. Wojtaszek's 2016 annual bonus target to 175% of his base salary to reflect market competitive rates and individual and Company performance. As adjusted, Mr. Wojtaszek's total target annual cash compensation (base salary plus cash bonus target) placed him above the 75th percentile of the direct competitor peer group, below the 75th percentile of the size-based peer group and below the 75th percentile of the cloud computing peer group. Given the market data, the high performance of the Company and Mr. Wojtaszek's high individual performance (as well as other positive factors), the Compensation Committee, after consultation with Christenson, determined that such an increase in Mr. Wojtaszek's bonus target percentage was reasonable and warranted. There were no changes in bonus target percentages in 2016 compared to 2015 for the other named executive officers. The Compensation Committee reviewed bonus targets in February 2017 as part of its annual compensation review and determined no adjustments were necessary for 2017, except the annual bonus target for Mr. Jackson was increased to 100% of his base salary.

The following table shows the percentage relative to the target bonus and actual percentages paid to each executive under the annual incentive plan for 2016:

	Target Bonus (\$)	Revenue (%)		Normalized FFO (%)		Individual (%)		Bonus Target (%)		Actual Bonus (\$)
		Target	Actual	Target	Actual	Target	Actual	Target	Actual	
Mr. Wojtaszek	1,400,000	30.0	38.4	50.0	85.50	20.0	20.0	100.0	143.9	1,979,757
Ms. Morefield(1)	40,865	30.0	38.4	50.0	85.50	20.0	20.0	100.0	143.9	58,818
Mr. Durvasula(2)	450,000	30.0	38.4	50.0	85.50	20.0	20.0	100.0	143.9	647,685
Mr. Timmons	400,000	30.0	38.4	50.0	85.50	20.0	20.0	100.0	143.9	575,720
Mr. Jackson(2)	224,000	30.0	38.4	50.0	85.50	20.0	20.0	100.0	143.9	322,403
Mr. Andrews	425,000	30.0	38.4	50.0	85.50	20.0	20.0	100.0	143.9	611,703

- (1) Ms. Morefield's bonus was prorated to reflect her November 2016 hire date.
- (2) In addition to the bonus under the annual incentive plan, Messrs. Durvasula and Jackson received additional discretionary bonuses in the amounts of \$300,000 and \$138,880, respectively, as discussed below.

The financial performance component of the 2016 bonus opportunities for the named executive officers was based on achieving certain minimum revenue and Normalized FFO goals. The Compensation Committee selected each of these performance metrics because each is a key indicator of the Company's financial performance. Specifically, revenue is well understood and accepted by the investing public as measures of financial performance. FFO is a common measure used by REITs and is consistent with the Company's strategic plan to focus on increased Normalized FFO. Both of these metrics are intended to focus our executives on profitable revenue growth.

The following table shows the threshold, target, maximum and actual performance levels for each financial component of the 2016 bonus opportunities for our named executive officers, in millions:

	Threshold (\$)	Target (\$)	Maximum (\$)	2016	2015
				Actual (\$)	Actual (\$)
Revenue	457.2	508.0	584.2	529.1	399.3
Normalized FFO(1)	171.0	190.0	218.5	210.2	150.7

- (1) See Appendix A for definition and reconciliation to GAAP measures.

The following sliding scale applied to the financial performance targets, with data between points interpolated on a straight-line basis:

Performance Percentage of Target	Payout Percentage
<90%	0%
90%	50%
100%	100%
115%	200%

The Compensation Committee determined the minimum thresholds and additional payments for performance, in order to motivate the executives and align their bonuses to Company performance, and set the maximum payouts in order to discourage excessive risk-taking. As shown in the table below, the Compensation Committee also weighted each of the financial performance measures differently for the individual named executive officers to better incent the respective individuals to achieve those particular performance measures.

The individual performance component of the 2016 bonus opportunities for the named executive officers relates to each executive's individual performance and contributions for the year relative to the Company's achievement of the financial performance measures. As noted above, the Compensation

Committee awarded a special additional bonus to Mr. Durvasula in the amount of \$300,000 in recognition of the Company's record sales year and the successful acquisition and integration of the CME data center and to Mr. Jackson in the amount of \$138,880 in recognition of external and internal pay alignment.

Long-Term Incentives

Annual LTI awards granted in February 2016 consisted of a mix of stock options (24%) and restricted stock (76%) based on grant date fair value. The restricted stock consisted of a performance-based component (76%), which vests based upon achievement of specified TSR and return on asset (ROA) goals over the three-year performance period (2016-2018), and a time-based component (24%), which vests in three equal annual installments beginning in 2017. The stock option component has a ten year term and vests in three equal annual installments beginning in 2017. To illustrate, a hypothetical LTI award of \$1,000 would be broken-down such that 82% of the award value is performance based (including stock options which only have value to the extent our stock price increases) and 18% of the award is time based:

<u>Total Award</u>	<u>(%)</u>	<u>(\$)</u>
Stock Options	24%	240
Time-Based Restricted Stock	18%	180
Performance Based Restricted Stock	58%	580
	<u>100%</u>	<u>\$ 1,000</u>

During 2016, we awarded our named executive officers long-term incentives with the following grant date fair values:

	<u>Total Annual LTI Award Value (excluding Special Retention Grant)(S)</u>	<u>Performance Shares (at target)(S)</u>	<u>Stock Options(S)</u>	<u>Time-Based Restricted Stock(S)</u>	<u>Special Retention Grant(S)</u>
Mr. Wojtaszek	2,633,635	1,531,837	624,997	476,801	3,262,333
Ms. Morefield	1,099,992	—	—	1,099,992	—
Mr. Durvasula	1,106,142	643,376	262,502	200,264	2,509,513
Mr. Timmons	842,711	490,130	199,998	152,583	1,706,460
Mr. Jackson	337,101	196,066	80,001	61,034	—
Mr. Andrews(1)	895,484	520,854	212,503	162,127	—

(1) Mr. Andrews' performance shares were forfeited upon his leaving the Company.

As an inducement to recruit Ms. Morefield to join the Company, the Compensation Committee, after consultation with Christenson, awarded her a time-based restricted stock award with a grant date value of \$1,099,992 that vests ratably over three years on the anniversary date of her employment on November 14, 2016. The Compensation Committee determined the 2016 LTI award values for the other named executive officers based on competitive market data, individual performance in 2015, and the value of the other components that make up an executive's target total direct compensation. In addition to the annual LTI awards and the new hire grant to Ms. Morefield, the Committee awarded special retention grants to Messrs. Wojtaszek, Durvasula and Timmons for the reasons discussed above under "2016 Retention Grants."

In determining the performance metrics for the 2016 awards, the Committee considered the metrics for the 2014 and 2015 long-term incentive awards. In 2015, the Committee determined to use ROA instead of Adjusted EBITDA. The Committee continued to use the ROA metric in 2016. The ROA metric is consistent with the development yield metric reported to the Company's stockholders

each quarter. For the remaining portion of the long-term incentive goals, the Committee determined that relative TSR continued to be a useful financial measure for long-term performance, since it is widely accepted by investors as well as tracking the historical financial information presented in previous years. Targets for the 2016 awards were set on a cumulative basis, such that awards that do not vest based on performance in a single year can be made up at the end of the three-year performance period.

Employment Agreements

The Company has entered into written employment agreements with each of the executive officers. Employment agreements allow the Company the flexibility to make changes in key positions with or without cause, and minimize the potential for disagreements or litigation, by establishing separation terms in advance, including arbitration provisions and the execution of appropriate releases, and perpetuation of important confidentiality and non-competition restrictions. The benefits specified in the employment agreements, including the severance and change in control payments, are important provisions designed to ensure the recruitment and retention of quality executive talent.

Pursuant to their respective employment agreements, each of our named executive officers is generally entitled to severance payments in the event his or her employment is terminated (a) other than for cause, (b) as a result of a constructive termination or (c) due to the executive's death or disability or (d) under certain circumstances within one year following a change in control (as defined in the Existing Plan).

The named executive officers are not entitled to any change in control benefits absent their termination of employment (discussed above), with the exception of accelerated vesting of certain equity awards under certain circumstances. Information regarding the severance payable to our named executive officers pursuant to their employment agreements and treatment of outstanding equity awards can be found at "Executive Compensation Tables-Potential Payments Upon Termination of Employment or Change in Control."

Severance Agreement

On November 30, 2016, the Company entered into a separation agreement with Mr. Andrews. Pursuant to the terms of his employment agreement, Mr. Andrews received a lump sum severance payment of \$850,000, which is the sum of his annual base salary and target bonus, vesting of stock options to acquire an aggregate of 18,530 shares of common stock and vesting of an aggregate of 20,987 shares of restricted stock as well as a lump-sum payment of \$2,124 for converted group term life insurance. The amounts actually paid to Mr. Andrews are set forth in the Summary Compensation Table and the table captioned "Estimated Payments in Connection with a Termination of Employment or Change in Control."

Other Compensation-Related Policies

In further support of its pay-for performance policy, and to discourage inappropriate behaviors and excessive risk taking, the Company has adopted additional compensation-related policies, including:

- **Stock Ownership Guidelines**—The Company's written guidelines specify that the Chief Executive Officer is expected to hold shares worth at least three times his or her annual base pay, and each other named executive officer is expected to hold at least one and a half times his or her annual base pay. Our executive officers have five years from the date on which he or she becomes an executive officer to comply with our stock ownership guidelines. As of December 31, 2016, each named executive officer has met the minimum requirements for stock ownership.

- Hedging and Pledging—The Company has a written policy prohibiting employees, including officers and directors, from owning or trading in derivative financial instruments, short-selling, or engaging in hedging transactions that enable continued ownership of the Company's securities without the full risks and rewards of ownership. Executive officers and directors, and certain other employees, are also prohibited from pledging Company securities, absent specific preapproval.
- Clawback—The Company has a written clawback policy allowing it to recover incentive payments and equity awards realized by executive officers in the preceding three years in the event of a material restatement of the Company's financial statements, if the incentive payments or amount of equity awards received would have been lower if calculated based on the restated financials, and the executive engaged in actual fraud or willful unlawful misconduct that materially contributed to the need for the restatement.
- Repricing Prohibition—The Company maintains prohibitions on the re-pricing of underwater stock options, and cash buyouts of underwater stock options.
- Double-trigger change-in-control severance benefits—cash severance benefits under an executive's employment agreement are not payable upon a change of control unless the executive is terminated without cause or experiences a constructive termination, in each case, within 12 months following the change in control.

Compensation Committee Analysis of Risk

In 2016, the Compensation Committee engaged its independent compensation consultant, Christenson Advisors, to conduct an assessment of the risks associated with the Company's compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in Company practices and policies. Following a review of this assessment, the Compensation Committee determined that the risks arising from the Company's compensation practices and policies are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

The Compensation Committee has the overall responsibility of evaluating the performance and determining the compensation of the Chief Executive Officer and approving the compensation structure for the Company's other executive officers. In fulfilling its responsibilities, the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement for the 2017 Annual Meeting of Stockholders for filing with the SEC.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

2016 Long-Term Incentive Awards. On February 1, 2016, each named executive officer (other than Ms. Morefield, who joined the Company in November 2016) received a long-term incentive award under the CyrusOne 2012 Long-Term Incentive Plan (the "Plan"). The long-term incentive grants consisted of restricted stock awards (76%) and stock options (24%) based on grant date fair value. The restricted stock awards included a time-based component (24%), which vests pro rata on February 1 of 2017, 2018 and 2019, and a performance component (76%), which vest over a three-year performance period beginning on January 1, 2016 and ending December 31, 2018 based upon achievement of specified performance metrics over the three-year performance period. Of the 76% of the restricted stock awards tied to performance, 50% were tied to the achievement of relative TSR goals over the 2016-2018 performance period and 50% were tied to the achievement of return on asset (ROA) goals over the 2016-2018 performance period. Vesting for achievement of performance goals that falls between each level will be determined based on linear interpolation. For each of fiscal years 2016 and 2017, if cumulative TSR exceeds the target, the maximum number of shares that may vest will be limited to one-third of the award that is subject to TSR performance. If at the end of the third year, total cumulative TSR exceeds the MSCI US REIT index by more than 2%, up to 200% of the target number of performance-based awards subject to TSR performance may vest. If at the end of the third year total ROA over the 2016-2018 performance period exceeds the ROA target by 115% or more, up to 200% of the target number of performance-based awards subject to ROA performance may vest. The stock option component of the 2016 awards have a ten year term and vest pro rata on February 1 of 2017, 2018 and 2019.

For performance-based restricted stock grants made in 2016, the Company's ROA target for the first performance year (2016) was 16% and our achievement was 16.3%, resulting in vesting of 100% of the target number of performance-based awards tied to cumulative ROA for 2016, as the vesting in years one and two of the award are each capped at one-third of the total target award. The

performance-based awards subject to TSR goals granted in 2016, vested in February 2017 at 100% of target as our TSR exceeded the return of the index by more than 2%, however years one and two are capped at one-third of the total target award.

2016 Retention Awards. In February 2016, the Compensation Committee granted one-time, special awards of restricted stock to Messrs. Wojtaszek, Durvasula and Timmons, with a grant date fair value of \$3,262,333, \$2,509,513 and \$1,706,460, respectively, in recognition of their contributions to the Company's performance since our IPO and to provide an additional retention incentive. These awards "cliff" vest in February 2019. The Compensation Committee, with input from its compensation consultant, determined that a one-time, special retention award to each of these executives was reasonable and warranted in light of, among other reasons, our 197% share price appreciation since our IPO through December 31, 2015, our total stockholder return performance relative to other REITs, and their outstanding leadership, individual performance and strategic vision, as well as to provide an additional retention incentive based on the high demand for executive talent in the marketplace and to mitigate the impact of the vesting of their founders restricted stock grants in January 2016.

2015 Long-Term Incentive Awards. The long-term incentive grants in 2015 consisted of restricted stock awards (75%) and stock options (25%). The restricted stock awards included a time-based component (25%), which vests pro rata on February 10 of 2016, 2017 and 2018, and a performance component (75%), which vest over a three-year performance period beginning on January 1, 2015 and ending December 31, 2017 based upon achievement of specified performance metrics over the three-year performance period. Of the 75% of the restricted stock awards tied to performance, 50% were tied to the achievement of relative TSR goals over the 2015-2017 performance period and 50% were tied to the achievement of return on asset (ROA) goals over the 2015-2017 performance period. Vesting for achievement of performance goals that falls between each level will be determined based on linear interpolation. For each of fiscal years 2015 and 2016, if cumulative TSR exceeds the target, the maximum number of shares that may vest will be limited to one-third of the award that is subject to TSR performance. If at the end of the third year, total cumulative TSR exceeds the MSCI US REIT index by more than 2%, up to 200% of the target number of performance-based awards subject to TSR performance may vest. If at the end of the third year total ROA over the 2015-2017 performance period exceeds the ROA target by 115% or more, up to 200% of the target number of performance-based awards subject to ROA performance may vest. The stock option component of the 2015 awards (25%) have a ten year term and vest in equal installments on February 10 of 2016, 2017 and 2018.

For long-term incentive grants made in 2015, the Company's ROA target for the first and second performance years were 16% per year and our achievement was 18% and 16.3% for years one and two, respectively, resulting in vesting in 2016 of 100% of the target number of performance-based awards tied to cumulative ROA for that year, as the vesting in years one and two of the award are each capped at one-third of the total target award. The performance-based awards subject to TSR goals granted in 2015, that vested in February 2017 at 100% of target as our TSR exceeded the return of the index by more than 2%, however years one and two are capped at one-third of the total target award.

2014 Long-Term Incentive Awards. In 2014, awards were in the form of performance-based restricted stock tied to performance over the period beginning January 1, 2014 and ending December 31, 2016. No time-based restricted stock awards or stock options were granted in 2014. For each of fiscal years 2014 and 2015, if cumulative Adjusted EBITDA exceeds the target, the maximum number of shares that may vest will be limited to one-third of the award that is subject to Adjusted EBITDA performance. If at the end of the third year total cumulative Adjusted EBITDA over the 2014-2016 performance period exceeds the Adjusted EBITDA target by 115% or more, up to 200% of the target number of performance-based awards subject to Adjusted EBITDA performance may vest.

The portion of the performance-based awards subject to TSR goals cliff-vest on February 7, 2017 if the return on the Company's stock for the three-year period ending December 31, 2016 meets or

exceeds the return for the MSCI-US REIT Index. If our TSR exceeds the return of such index by 2% or more, up to a maximum of 200% of the target number of performance-based awards subject to TSR goals may vest. Vesting for achievement of performance goals that falls between each level will be determined based on linear interpolation. Notwithstanding the foregoing, if despite meeting or exceeding the index return, the Company's TSR is negative, the number of shares that would have otherwise vested will be reduced by 50%.

For long-term incentive grants made in 2014, the Company's cumulative Adjusted EBITDA target for the three-year cumulative period ending December 31, 2016 was \$657.4 million, which was achieved at \$652.5 million, resulting in a cumulative payout of 96.5% of the target award, resulting in a vesting in February 2016 of 95.5% of the target number of performance-based awards tied to cumulative EBITDA for that year. The performance-based awards subject to TSR goals cliff vested in February 2017 at 200% of target as our TSR exceeded the return of the index by more than 2%.

Employment Agreements. The Company entered into employment agreements with each of Messrs. Wojtaszek, Timmons and Durvasula on January 24, 2013, with Mr. Jackson on July 31, 2015, with Mr. Andrews on October 19, 2015 and with Ms. Morefield on November 14, 2016. The employment agreements with our named executive officers have an initial term of one year. The terms of these agreements automatically extend for additional one-year periods unless either party gives prior notice of non-renewal. The employment agreements specify, among other things, the payments and benefits to which such executives are entitled upon a termination of employment for specified reasons. For information on the severance benefits provided in the employment agreements, see "Potential Payments Upon Termination of Employment or Change in Control".

Potential Payments Upon Termination of Employment or Change in Control

Each of the employment agreements with our named executive officers specify the payments and benefits to which such executives are entitled upon a termination of employment for specified reasons, as described below. In addition, certain of our award agreements under the Existing Plan provide for certain treatment of outstanding equity awards upon a termination of employment for specified reasons, as described below.

Without Cause or Constructive Termination. If CyrusOne LLC terminates the executive's employment for any reason other than for cause or the executive's death or disability, or, in the event the executive terminates his or her employment as a result of a constructive termination (as defined below), then the executive will be entitled to:

- a lump-sum cash severance payment equal to two times (for all named executives officers other than Ms. Morefield and Messrs. Andrews and Jackson, for whom the multiple is one times), the

sum of his or her (i) then-current annual base salary, and (ii) annual bonus target, pro-rated to the date of termination, (or, in the case of Messrs. Andrews; Jackson and Ms. Morefield, annual bonus target) subject to the executive signing and not revoking a release of claims ("Cash Severance");

- certain accelerated vesting of outstanding equity awards, including:
 - immediate vesting of the portion of any outstanding time-based awards that would otherwise have vested on or prior to the end of the one-year period beginning at the time of such termination (the "Severance Period").
 - immediate vesting of performance-based restricted stock granted to Messrs. Wojtaszek, Durvasula and Timmons in 2015 and 2014 at target and in 2016 what would otherwise have vested during the Severance Period.
 - immediate vesting of the 2016 retention awards on a pro-rata basis from grant date to the date of termination.
 - for Ms. Morefield, immediate vesting of the restricted stock granted to her in connection with her hiring in November 2016.
- if applicable, an amount equal to the sum of (a) any forfeitable benefits of the executive under any nonqualified pension, profit sharing, savings or deferred compensation plan that would have vested if the term of his or her employment had not been terminated prior to the end of the Severance Period, plus (b) any additional vested benefits which would have accrued for the executive under any nonqualified defined benefit pension plan if the term of his or her employment had not been terminated prior to the end of the Severance Period, and if the executive's base salary and bonus target had not increased or decreased after such termination, payable to the executive at the same time and in the same manner as such benefits would have been paid under such plan or plans had such benefits vested and accrued under such plan or plans at the time of the termination of his or her employment (the "Nonqualified Benefit");
- if applicable, an amount equal to the sum of (a) any forfeitable benefits of the executive under any qualified pension, profit sharing, 401(k) or deferred compensation plan that would have vested prior if the term of his or her employment had not been terminated prior to the end of the Severance Period, plus (B) any additional vested benefits which would have accrued for the executive under any qualified defined benefit pension plan if the term of his or her employment had not been terminated prior to the end of the Severance Period, and if the executive's base salary and bonus target had not increased or decreased after such termination, payable by CyrusOne LLC in one lump sum 60 days after such termination of employment, subject to CyrusOne LLC's receipt of an executed and irrevocable release from the applicable executive (the "Qualified Benefit") (CyrusOne LLC does not currently offer any Qualified Benefits); and
- continued medical, dental, vision and group term life coverage for the remainder of the Severance Period, comparable to the medical, dental, vision and group term life coverage in effect for the executive immediately prior to such termination (the "Medical Benefit"). To the extent that the executive would have been eligible for any post-retirement medical, dental, vision or group term life benefits from CyrusOne LLC if the executive's employment had continued through the end of the Severance Period, CyrusOne LLC will provide such post-retirement benefits to the executive after the end of the Severance Period (the "Post-Retirement Medical Benefit") (CyrusOne LLC does not currently offer any Post-Retirement Medical Benefits other than subsidized COBRA).

For purposes of the employment agreements, "cause" generally means an act of fraud, misappropriation, embezzlement or misconduct constituting serious criminal activity on the part of the executive. For the purposes of each of the employment agreements, "constructive termination" will

generally be deemed to have occurred if, without the executive's consent, (a) there is a material adverse change in the reporting responsibilities set forth in his or her employment agreement or there is otherwise a material reduction in his or her authority, reporting relationship or responsibilities, (b) there is a material reduction in his or her base salary or bonus target or (c) the applicable executive is required to relocate more than 50 miles from his or her designated office in effect as of the effective date of the agreement.

Change of Control. If within one year following a change in control: (a) the executive terminates his or her employment with CyrusOne LLC as a result of a constructive termination or (b) CyrusOne LLC terminates the executive's employment for any reason other than for cause or the executive's death or disability, then the executive will be entitled to:

- a lump-sum cash severance payment in an amount equal to two times the sum of his or her (i) annual base salary and (ii) annual bonus target, in each case, as then in effect, subject to the executive signing and not revoking a release of claims;
- vesting of outstanding equity awards as described below; and
- the Nonqualified Benefit, the Qualified Benefit, the Medical Benefit, and, to the extent applicable, the Post-Retirement Medical Benefit.

In the event of a change in control absent termination of employment, the named executive officers are not entitled to any payments or benefits with the exception of accelerated vesting of certain of their equity awards granted under the Plan. Upon a change in control absent termination, performance-based restricted stock granted to Messrs. Wojtaszek, Durvasula and Timmons in 2015 and 2014 vest at target. Upon a change in control and termination within one year any outstanding time-based awards vest. Upon a change in control and termination within one year for 2016 grants and two years for 2015 and 2014 grants, performance-based restricted stock vests at maximum.

In the event that Section 280G of the Internal Revenue Code of 1986, as amended, applies to the payments and benefits set forth above, the aggregate amount of such payments and benefits payable to the executive will not exceed the amount which produces the greatest after-tax benefit to the executive after taking into account any applicable excise tax to be payable by the executive. Each executive is fully responsible for his or her own personal income taxes and neither the Company nor CyrusOne LLC has any obligation to reimburse or otherwise provide a tax gross-up to the executive in connection with any change of control payments.

Disability and Death. In the event the executive's employment terminates by reason of his or her death or disability, CyrusOne LLC will pay the executive or his or her estate, as applicable, his or her accrued compensation (base salary, bonus or otherwise) as of the date of termination and, in the case of disability, will provide the executive with disability benefits and all other benefits in accordance with the provisions of the applicable disability plans and other applicable plans. In addition, his or her time-based restricted stock awards will vest on a pro-rata basis and performance-based restricted stock awards and stock options will vest at the target level on a pro-rata basis.

Voluntary Resignation; For Cause. If the executive resigns other than for a constructive termination or CyrusOne LLC terminates the executive's employment for cause, then the executive will be entitled only to accrued compensation.

Restrictive Covenants. Pursuant to the employment agreements, each of the executives is subject to confidentiality and intellectual property covenants during the term of his or her employment and thereafter. In addition, each of the executives is subject to non-competition, non-solicitation and non-interference covenants during the term of his or her employment and for a period of one year following the cessation of his or her employment for any reason.

Estimated Payments in Connection with a Termination of Employment or Change in Control

The table below presents estimates of the amounts of compensation that would have been payable to the named executive officers upon their termination of employment or upon a change in control, in each case as of December 31, 2016. The amounts in the table exclude: (i) 401(k) retirement plan contributions and distributions that are generally available to all salaried employees, (ii) payments pursuant to awards originally scheduled to vest on or before such date by their terms, and (iii) any amounts that may be due at the time of payment for accrued and unpaid salary, bonuses, vacation or interest on payments (if any) delayed as a result of Section 409A of the Code. The actual amounts payable upon such terminations may be different and will only be determined upon the actual occurrence of any such event. The amounts shown for Mr. Andrews reflect the amounts he actually received upon his termination of employment.

Wojtaszek, Durvasula and Timmons), in each case as specified in the employment agreement for each named executive officer. If the termination occurs in connection with a change in control, amounts represent two times the sum of (i) base salary plus (ii) target bonus for each named executive officer. All cash payments are payable in a lump sum within 60 days following the termination, subject to the executive's execution of an irrevocable release.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding the beneficial ownership of our common stock as of March 8, 2017, the record date, by (i) each person or group who is known by us to be beneficial owner of 5% or more of our common stock, (ii) each of our directors and director nominees, (iii) each of our named executive officers and (iv) our directors and executive officers as a group.

Beneficial ownership of shares is determined under rules of the SEC and generally includes any shares over which a person exercises sole or shared voting or investment power. Except as indicated by footnote, we believe based on the information provided to us that each person and entity named in the table has sole voting and investment power with respect to all of the shares of our common stock shown as beneficially owned by such person or entity. Applicable percentage of beneficial ownership is based on 87,847,109 shares of common stock outstanding on the record date. Shares of common stock subject to options currently exercisable or exercisable within 60 days after the Record Date are deemed to be outstanding and beneficially owned by the person holding the options for the purpose of computing the percentage of beneficial ownership of that person and any group of which that person is a member, but are not deemed outstanding for the purpose of computing the percentage of beneficial ownership for any other person. Unless otherwise indicated, the address of each named person is c/o CyrusOne Inc., 2101 Cedar Springs Road, Suite 900, Dallas, Texas 75201.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our directors, executive officers, and the persons who beneficially own more than ten percent of our common stock, to file reports of ownership of, and changes in ownership of, our securities with the SEC, and to file copies of such reports with us. We believe that no director, executive officer or person who beneficially owns more than ten percent of our common stock failed to file, on a timely basis, the reports required by Section 16(a) of the Exchange Act, except that a Form 4 reporting a withholding of shares to cover taxes upon the vesting of an equity award for our former Chief Financial Officer and a Form 4 reporting an open-market sale by our Chief Technology Officer were both filed late.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Indemnification of Officers and Directors

We have entered into indemnification agreements with each of our directors and executive officers that provide for indemnification to the maximum extent permitted by Maryland law.

To the extent permitted by applicable law, under the Partnership Agreement our Operating Partnership also indemnifies us, our directors, officers and employees, the general partner and its trustees, officers and employees, employees of the Operating Partnership and any other persons whom the general partner may designate from and against any and all claims arising from or that relate to the operations of the Operating Partnership in which any indemnitee may be involved, or is threatened to be involved, as a party or otherwise unless:

- it is established that the act or omission of the indemnitee constituted fraud, intentional harm or gross negligence on the part of the indemnitee;
- the claim is brought by the indemnitee (other than to enforce the indemnitee's rights to indemnification or advance of expenses); or
- the indemnitee is found to be liable to the Operating Partnership, and then only with respect to each such claim.

Relationships with CBI

Prior to November 20, 2012, CyrusOne Inc., CyrusOne GP, CyrusOne LP and its subsidiaries were operated by CBI. The consolidated financial statements reflect the following transactions with CBI and its affiliated entities, including Cincinnati Bell Telephone (CBT) and Cincinnati Bell Technology Solutions (CBTS). At December 31, 2015, CBI owned 9.5% of the outstanding common stock of CyrusOne Inc. As of June 30, 2016, CBI owned less than 5% of the outstanding common stock of CyrusOne Inc.

Revenues—The Company records revenues from CBI under contractual service arrangements. These services include leasing of data center space, power and cooling in certain of our data center facilities, network interface services and office space. For the six months ended June 30, 2016, revenue totaled \$5.1 million.

Operating Expenses—The Company records expenses from CBI incurred in relation to network support, services calls, monitoring and management, storage and backup, IT systems support, and connectivity services. For the six months ended June 30, 2016, operating costs and expenses totaled \$0.6 million.

As of December 31, 2016, CBTS continues to be the named lessor for two data center customer leases. In 2012, we entered into an agreement with CBTS whereby we perform all obligations of CBTS under these lease agreements. CBTS confers the benefits received under such lease agreements to us

and CBTS is granted sufficient usage rights in each of our data centers so that it remains as lessor under each such lease agreement. In addition, CBTS will continue to perform billing and collections on these accounts.

Review and Approval of Transactions with Related Persons

The Board of Directors has adopted a policy for the review and approval of related person transactions. The policy provides that the Audit Committee is responsible for reviewing and approving or disapproving all interested transactions, meaning any transaction, arrangement or relationship in which (i) the amount involved may be expected to exceed \$120,000 in any fiscal year, (ii) the Company will be a participant and (iii) a Related Party has a direct or indirect material interest. A "Related Party" means (i) any person who is, or at any time since the beginning of the Company's last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company; (ii) any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities; (iii) any immediate family member of any of the foregoing persons; and (iv) any firm, corporation or other entity in which any of the foregoing persons is employed or is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest. An "immediate family member" of a Related Party means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the Related Party, and any person (other than a tenant or employee) sharing the household of such Related Party. Generally, a potential transaction that may be a Related Party Transaction is brought first to the General Counsel for review. If the General Counsel determines that a potential transaction involves a Related Party Transaction requiring approval under the policy or disclosure under Rule 404(a) of Regulation S-K, the transaction will be brought to the Audit Committee, which will review the transaction under several criteria, including but not limited to the Related Party's interest in the transaction, the benefits to the Company, the availability of commercial alternatives, and whether it is in the best interests of the Company to enter into the transaction. Subject to limited exceptions, the Audit Committee or the Chair of the Audit Committee must approve all Related Party Transactions. Exceptions to the approval requirement include transactions with CBI existing on the date of the Company's initial public offering.

During 2017, a son-in-law of Michael Klayko, one of our directors, was hired as a business development manager in our sales group. Director Klayko's son-in-law is not an officer of the Company and his annual, non-performance contingent, base salary and retainer compensation is not expected to exceed \$120,000 for 2017. However, Director Klayko's son-in-law is eligible for commission based, incentive compensation contingent upon sales achievements that could potentially result in his 2017 total compensation exceeding \$120,000. As a result of the potential annual compensation exceeding \$120,000, the hiring of Director Klayko's son-in-law was reviewed and approved by the Audit Committee.

STOCKHOLDER PROPOSALS

Stockholder proposals intended to be included in our proxy statement and form of proxy relating to the 2018 annual meeting pursuant to Rule 14a-8 under the Exchange Act ("Rule 14a-8") must be received by us no later than November 17, 2017. Such proposals must comply with the requirements established by the SEC for such proposals.

A stockholder who wishes to submit a business proposal at the 2018 annual meeting that is not intended to be included in our proxy statement and form of proxy or who wishes to nominate a director for election at the meeting must, in accordance with our current Bylaws, notify us between October 18, 2017, and 5:00 p.m., Eastern Time, on November 17, 2017. If the stockholder fails to give timely notice, the nominee or proposal will be excluded from consideration at the meeting. In addition, our current Bylaws include other requirements for nomination of candidates for director and proposals of other business with which a stockholder must comply to make a nomination or business proposal.

By Order of the Board of Directors:

ROBERT M. JACKSON

Executive Vice President, General Counsel and Secretary

Appendix A

Definitions

Colocation Square Feet

Colocation square feet ("CSF") represents net rentable square feet ("NRSF") currently leased or available for lease as colocation space, where customers locate their servers and other IT equipment. NRSF represents the total square feet of a building currently leased or available for lease, based on engineers' drawings and estimates but does not include space held for development or space used by CyrusOne.

Adjusted EBITDA

Adjusted EBITDA is defined as net income (loss) as defined by U.S. GAAP before noncontrolling interests plus interest expense, income tax (benefit) expense, depreciation and amortization, non-cash compensation, transaction costs and transaction-related compensation, including acquisition pursuit costs, restructuring costs, loss on extinguishment of debt, asset impairments, (gain) loss on sale of real estate improvements, and other special items. Other companies may not calculate Adjusted EBITDA in the same manner. Accordingly, the Company's Adjusted EBITDA as presented may not be comparable to others.

EBITDA

EBITDA is defined as net income (loss) as defined by U.S. GAAP before noncontrolling interests plus interest expense, income tax (benefit) expense, depreciation and amortization, transaction costs and transaction-related compensation, including acquisition pursuit costs, restructuring costs, loss on extinguishment of debt, asset impairments, (gain) loss on sale of real estate improvements, and other special items. Other companies may not calculate EBITDA in the same manner. Accordingly, the Company's EBITDA may not be comparable to others.

Funds From Operations ("FFO")

FFO is net (loss) income computed in accordance with U.S. GAAP before noncontrolling interests, (gain) loss from sales of real estate improvements, real estate-related depreciation and amortization, amortization of customer relationship intangibles, and real estate and customer relationship intangible impairments. Because the value of the customer relationship intangibles is inextricably connected to the real estate acquired, CyrusOne believes the amortization and impairments of such intangibles is analogous to real estate depreciation and impairments; therefore, the Company adds the customer relationship intangible amortization and impairments back for similar treatment with real estate depreciation and impairments. CyrusOne's customer relationship intangibles are primarily associated with the acquisition of Cyrus Networks in 2010 and, at the time of acquisition, represented 22% of the value of the assets acquired.

Normalized FFO ("NFFO")

NFFO is defined as FFO plus transaction costs, including acquisition pursuit costs, transaction-related compensation, (gain) loss on extinguishment of debt, restructuring costs and other special items. The Company believes its Normalized FFO calculation provides a comparable measure to that used by others in the industry.

Total Stockholder Return ("TSR")

TSR is defined as: 1) the average adjusted closing stock price at the end of the period minus the average adjusted closing stock price at the beginning of the period, divided by 2) the average adjusted closing stock price at the beginning of the period. TSR assumes reinvestment of dividends, if any.

Return on Assets ("ROA")

ROA is defined as 1) net operating income from properties (fourth quarter revenues less property operating expenses annualized) for the performance evaluation period, divided by 2) total gross investment in real estate less construction in progress on the Company's balance sheet for the last day of the fiscal year.

Average Lease Rate

The average lease rate is defined as the average adjusted monthly recurring revenue per kilowatt. Adjustments are made to monthly recurring revenue and kilowatts to capture differences in power resiliency, power reimbursements, and capital requirements.
