

CyrusOne Partners with Virtual-Q for Remote Desktop Cloud Solutions

March 2, 2021

Collaboration Enhances the Remote Work Connectivity Experience for CyrusOne Customers

DALLAS--(BUSINESS WIRE)--Mar. 2, 2021-- [CyrusOne](#) Inc. (NASDAQ: CONE), a premier global data center real estate investment trust (REIT), today announced a partnership with [Virtual-Q](#) to enhance remote desktop cloud capabilities for CyrusOne customers. Based in Houston, Texas, Virtual-Q specializes in IT as a Service through its hosted desktop solution, streamlining the costs associated with remote IT solutions. The partnership provides CyrusOne customers an enhanced remote work experience using the Virtual-Q remote desktop services.

Working together, CyrusOne will leverage its data centers and interconnection solutions to enable Virtual-Q's low latency connectivity solutions. Virtual-Q will focus on enhancing the remote work experience by leveraging their platform to:

- Incorporate Virtual-Q's range of cost-effective IT services
- Provide more hard drive availability and capability
- Share access to cloud solutions seamlessly from device to device

"Working with Virtual-Q to extend and enhance remote work capabilities is beneficial as our customers across the world streamline their flexible work environments in offices and homes," said Brent Behrman, Executive Vice President of Sales at CyrusOne. "We are excited to partner with Virtual-Q as we continue to focus on providing next-generation connectivity technology to our customers to help them stay at the forefront of this new digital era."

Virtual-Q CEO Victor Quinones said, "Virtual-Q looks forward to partnering with CyrusOne in delivering an optimized remote work experience centered around our virtual desktop and IT services. Virtual-Q's proven ability to deliver high-performing, secure, reliable solutions across hybrid cloud landscapes combined with CyrusOne's scalable cloud offerings will provide enterprise class IT services to any business."
