[Dear NAME / Valued [Vendor / Business Partner / Channel Partner] / INSERT CUSTOMARY GREETING],

I am writing with an exciting update about CyrusOne. We announced a definitive agreement pursuant to which KKR and Global Infrastructure Partners will acquire CyrusOne. Following the completion of the transaction, CyrusOne will become a privately held company, wholly owned by KKG and GIP. We are confident that this is the right next step for CyrusOne and that it will position us to build on our momentum and become an even stronger partner to your organization. You can read the press release we issued here <https://investor.cyrusone.com/news-releases/news-release-details/cyrusone-be-acquired-krk-and-global-infrastructure-partners-15>.

In case you are not familiar, KKR is a leading global investment firm and Global Infrastructure Partners (“GIP”) is one of the world’s leading infrastructure investors. With over \$459 billion in assets under management, KKR is a long-term investor who works with leading companies to grow great businesses and is one of the most active infrastructure and real estate investors around the world. Similarly, with approximately \$79 billion in assets under management, the funds and investment platforms managed by GIP invest in infrastructure assets and businesses, particularly in the energy, transport, digital, and water / waste infrastructure sectors where GIP possesses deep experience and relationships.

KKR and GIP believe in our business and recognize the significant opportunities ahead as organizations around the world continue to expand their data center infrastructure needs. It is important to note that our existing relationship with you is not changing. This means we will continue to operate as usual, and you will see no changes in the way we work with you. We expect the transaction to close in the second quarter of 2022, subject to satisfaction of customary closing conditions and approvals.

Your partnership is important to our success, and we look forward to maintaining and building on our relationship as we enter this next chapter for CyrusOne. Thank you for your ongoing support of CyrusOne.

Sincerely,

John Hatem  
Executive Vice President & Chief Operating Officer

## Cautionary Statement Regarding Forward-Looking Statements

The information included herein, together with other statements and information publicly disseminated by CyrusOne, contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. CyrusOne intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions.

In particular, statements pertaining to CyrusOne's capital resources, portfolio performance, financial condition and results of operations contain certain forward-looking statements. Likewise, all of CyrusOne's statements regarding anticipated growth in CyrusOne's funds from operations and anticipated market conditions, demographics and results of operations are forward-looking statements. You can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions. Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods that may be incorrect or imprecise and we may not be able to realize them. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected.

The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: (i) CyrusOne's proposed merger with the acquiring consortium (the "Buyer") may not be completed in a timely manner or at all, including the risk that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect CyrusOne or the expected benefits of the proposed merger or that the approval of CyrusOne's stockholders is not obtained; (ii) the failure to realize the anticipated benefits of the proposed merger; (iii) the ability of Buyer to obtain debt financing in connection with the proposed merger; (iv) the possibility that competing offers or acquisition proposals for CyrusOne will be made; (v) the possibility that any or all of the various conditions to the consummation of the merger may not be satisfied or waived, including the failure to receive any required regulatory approvals from any applicable governmental entities (or any conditions, limitations or restrictions placed on such approvals); (vi) the occurrence of any event, change or other circumstance that could give rise to the termination of the merger, including in circumstances which would require CyrusOne to pay a termination fee or other expenses; (vii) the effect of the announcement or pendency of the merger on CyrusOne's ability to retain and hire key personnel, its ability to maintain relationships with its customers, suppliers and others with whom it does business, or its operating results and business generally; (viii) risks related to diverting management's attention from CyrusOne's ongoing business operations; (ix) the risk that shareholder litigation in connection with the merger may result in significant costs of defense, indemnification and liability; (x) the potential widespread and highly uncertain impact of public health outbreaks, epidemics and pandemics, such as the COVID-19 pandemic; (xi) loss of key customers; (xii) indemnification and liability provisions as well as service level commitments in CyrusOne's contracts with customers imposing significant costs on CyrusOne in the event of losses; (xiii) economic downturn, natural disaster or oversupply of data centers in the limited geographic areas that CyrusOne serves; (xiv) risks related to the development of CyrusOne's properties including, without limitation, obtaining applicable permits, power and connectivity and CyrusOne's ability to successfully lease those properties; (xv) weakening in the fundamentals for data center real estate, including but not limited to, increased competition, falling market rents, decreases in or slowed growth of global data, e-commerce and demand for outsourcing of data storage and cloud-based applications; (xvi) loss of access to key third-party service providers and suppliers; (xvii) risks of loss of power or cooling which may interrupt CyrusOne's services to its customers; (xviii) inability to identify and complete acquisitions and operate acquired properties; (xix) CyrusOne's failure to obtain necessary outside financing on favorable terms, or at all; (xx) restrictions in the instruments governing CyrusOne's indebtedness; (xxi) risks related to environmental, social and governance matters; (xxii) unknown or contingent liabilities related to CyrusOne's acquisitions; (xxiii) significant competition in CyrusOne's industry; (xxiv) recent turnover, or the further loss of, any of CyrusOne's key personnel; (xxv) risks associated with real estate assets and the industry; (xxvi) failure to maintain CyrusOne's status as a real estate investment trust ("REIT") or to comply with the highly technical and complex REIT provisions of the Internal Revenue Code of 1986, as amended (the "Code"); (xxvii) REIT distribution requirements could adversely affect CyrusOne's ability to execute its business plan; (xxviii) insufficient cash available for distribution to stockholders; (xxix) future offerings of debt may adversely affect the market price of CyrusOne's common stock; (xxx) increases in market interest rates will increase CyrusOne's borrowing costs and may drive potential investors to seek higher dividend yields and reduce demand for CyrusOne's common stock; (xxxi) market price and volume of stock could be volatile; (xxxii) risks related to regulatory changes impacting CyrusOne's customers and demand for colocation space in particular geographies; (xxxiii) CyrusOne's international activities, including those conducted as a result of land acquisitions and with respect to leased land and buildings, are subject to special risks different from those faced by CyrusOne in the United States; (xxxiv) the continuing uncertainty about the future relationship between the United Kingdom and the European Union following the United Kingdom's withdrawal from the European Union; (xxxv) expanded and widened price increases in certain selective materials for data center development capital expenditures due to international trade negotiations; (xxxvi) a failure to comply with anti-corruption laws and regulations; (xxxvii) legislative or other actions relating to taxes; (xxxviii) any significant security breach or cyber-attack on CyrusOne or its key partners or customers; (xxxix) the ongoing trade conflict between the United States and the People's Republic of China; (xl) increased operating costs and capital expenditures at CyrusOne's facilities, including those resulting from higher utilization by CyrusOne's customers, general market conditions and inflation, exceeding revenue growth; and (xli) other factors affecting the real estate and technology industries generally.
